3 Paints & Primers

SPRAYON STANDARD LACQUER SPRAY PAINTS

Available in 250ml and 12 of the most popular colours in the 350ml cans, quick drying Sprayon Standard Lacquer Paints are formulated with a rust inhibitor and are lead free for absolute safety and peace of mind.

Sprayon paints are suitable for interior and exterior applications and are designed to maintain their rich, deep colour even under the most extreme UV conditions.

Sprayon uses the same paint batch to colour code each cap ensuring an exact match to the can's contents, your guarantee of satisfied customers.

EXTENSIVE RANGE! 55 Standard Colours, 3 different Primers + Sanding Sealer

11 NEW COLOURS ADDED TO OUR RANGE!

SPRAYON METALLIC LACQUER SPRAY PAINTS

Sprayon's Metallic range consists of 15 attractive metallic finishes in the 250ml size and 3 of the most popular colours in the 350ml size.

Metallic paints are manufactured from the finest ground metallic compounds for the most professional finish and all colours are lead free and contain a rust inhibitor.

3 NEW METALLICS

SPRAYON ULTRA HIGH TEMPERATURE SPRAY PAINTS

Sprayon's Ultra High Temperature spray paint is able to withstand temperatures in excess of 650°C. This unique spray paint provides a durable finish of the highest professional quality.

Available in 350ml only and a range of 4 colours, UHT is ideal for fireplaces, braais, manifolds and many other applications where maximum heat protection is required.

NEW CLEAR

Disclaimer: Colours depicted are for reference only and are not to be used for final colour matching.

SPRAYON HAMMER FINISH SPRAY PAINTS

A speciality lacquer spray from Sprayon which gives a sprayed 'Hammered' look. A very hard, durable finish that is perfect for refurbishing equipment and for decorative purposes. Hammer Finish is available in 5 standard colours and in 350ml cans.

5 Speciality Paints, Preps & Primers

SPRAYON VINYL & PVC PAINT

A speciality paint developed for use on vinyl such as car seats, PVC and certain plastics. Use Sprayon Plastic Keycoat or Sprayon Plastic Primer to prepare the surface before spraying.

Available in white, black and grey.
Supplied on 350ml cans.

SPRAYON COLD GALVANISING SPRAY

Cold Galvanising Spray is a zinc based, quick-drying anti-corrosion paint for use on steel. Used as a permanent protective finishing coat or as a primer. Ideal for after-weld protection. Supplied in 350ml cans. Also available in 1 litre and 5 litre cans.

SPRAYON SELF ETCH PRIMER

This easy to use aerosol etches and primes bare, rust-free metals in one step and is compatible with virtually any Sprayon product. This self-etching formula bonds better to bare metals like aluminium and cast iron than other aerosol primers. Self Etch Primer can also be used as a finishing coat.

Heat resistant satin black finish. Available in 250ml cans and 1 kg cans.

SPRAYON RUST CONVERTER

Rust Converter is a scientifically proven chemical that destroys rust.

Rust Converter penetrates deep into rust pores, stabilises and binds rust layers, whilst transforming rust into a tough satin black finish that serves as a permanent primer or top coat.

Water solvent and heat resistant up to 150°C. Supplied in 250ml cans.

*Larger sizes available on request

SPRAYON RUST OFF

Rust Off is a rust remover with a powerful chemical action that cleans, de-greases and dissolves rust preventing further rusting.

Rust Off conditions metal prior to painting and creates better paint adhesion without the need for priming.

Supplied in 250ml cans.

*Larger sizes available on request

SPRAYON FROSTED GLASS

A semi-transparent glass treatment that gives a clever sandblasted effect. Frosted glass creates a translucent finish and is ideal for use on windows and mirrors.

Frosted glass can also be used with stencils and masks to create clever effects and interior design projects. Available in 350ml cans.

SPRAYON ANTI-GLARE WINDOW TINT SMOKE

Sprayon Window Tint Smoke contains an ultra-violet filter that protects the interior of your car, home and your car tail lights.

Window Tint Smoke is easy to apply to glass, perspex and plastics and creates an attractive smoky tint.

Available in 250ml cans.

SPRAYON METAL MARKING BLUE

Metal Marking Blue is a spray dye used in metalworking.

It is used to stain or paint a metal object with a very thin layer of dye that can be scratched off using a scribe or other sharp instrument to reveal a bright, yet very narrow line in the metal.

Available in 350ml cans.

SPRAYON ANTI-TARNISH LACQUER SPRAY

Anti-Tarnish is a clear lacquer sealer which prevents tarnishing of brass, copper and silver and eliminates cleaning.

Once treated the surface will remain clean and bright with a hard wearing finish.

Available in 250ml cans.

SPRAYON ARTIST'S FIXATIVE

A smudge proof spray that protects and preserves all types of artwork, in particular, pastel, pencil and charcoal. Contains no plastic and leaves an invisible matt protective coating.

SPRAYON CAN-GUN

The Sprayon Can-Gun is an easy-to-use, one piece attachment that simply clips over the nozzle of the aerosol can to provide the user a steady, comfortable grip.

No moving parts guarantees perfect operation again and again.
